Enriches, Enables and Empowers

Care Community Services Society (CCSS) shares how three different groups of people worked with CCSS in 2014 to bless the community.

Enriching hearts with the love and warmth of home cooked meals

A group of friends have been regularly preparing nutritious home cooked meals for 35 beneficiaries at our CARElderly Seniors Activity Centre (SAC).

Different dishes are served each time, with the fragrance of freshly made seaweed soup filling the air one afternoon, and local delights like *mui fan* were prepared on another. has literally and figuratively nourished the elderly folks with love and warmth through the provision of home cooked meals.

Enabling lives through a charity run

Driven by their passion for running, members of the Warriors Running Club turned their passion into a blessing through the 'Believe B60 Run', a one-of-a-kind fundraising event. This relay run required 165 participants to take turns to complete a distance of 485km, with members of the public supporting their efforts by donating to CCSS.

The 60-hour charity relay run started on September 5 and ended on September 8 at SAC.

Empowering children by developing their artistic expressions

“What if it doesn’t turn out nice?” “I’m afraid he’ll make me look ugly.” “What if I make a mistake?” These were some of the comments heard when more than 100 children from our CareHut school-based student care centres participated in a face-painting workshop. Generously sponsored by a local art studio, four art teachers conducted this workshop with the children during their September School Holidays.

By the end of the session, the children emerged as young tigers and butterflies with their faces painted by their friends! This workshop empowered the children with the ability to express their creativity away from the traditional pen and paper medium. While the children enjoyed the workshop thoroughly, it also had the added benefit of helping to boost their confidence as they drew on their friends’ faces, as well as build trust in their friends who were tasked to draw on their faces.
